OPS

Office of Perpetual Suspense is not the official meaning of "OPS".

That's the better meaning of the letters, however, insofar as local observers are concerned. The non-merchant person cannot appreciate what all business firms have had to go through in meeting the deadline for filing volumes of figures on their costs and selling prices.

OPS actually means the Office of Price Stabilization.

The office recently put into effect new rulings on meat prices. hat happened? Many local meat prices had to be raised to conform to the regulations.

ALARMING

The rapid increase in the number of federal employes is alarming to some people. And well might they get alarmed.

A person doesn't have to be a rabid Republican to realize that too much bureaucratic control could be very harmful. More bureaus and more employes—beyond the stage of actual necessity—means too much power in too few hands.

This week's suggestions from Washington include the issuance of permits to business firms as a means of further regulation. In other words, the extreme instance could mean that some deputy in some bureau could tell a business firm to get out of business.

That's not a happy thought when we thought this nation was built on the basis of freedom and liberties.

HAPPIER THOUGHTS

Very peaceful are the cool summer evenings and especially so among the shade trees and playground facilities at the city's memorial park. Scores of families spend many leisurely hours at the park every week.

And with the real start of the baseball season, there will be more activity there than ever.

Upland has a wonderful asset in the park. Yes, it is costly . . . and so is Euclid avenue. We surely wouldn't want to do without either.

UPLAND'S GROWTH

Building permit totals for Upland in the first five months of 1951 are double the total for the same period in 1950.

That's growing fast enough.

Incidentally, in today's Upland News are a dozen reports about newcomers. Yes, The News gets to newcomers. Newcomers and long-time residents are very valued subscribers.

STATE COSTS

We picked up this statement: "California's billion dollar state budget proposal for 1951-52 is three and one-half times as great as the $281,733,781 actually spent by the state in 1939-40. On a per capita basis it is considerably more than twice as much as for 1939-40."

Master Plan for City Up for Adoption At June 7 Hearing

Interested people are reminded by city officials of the public hearing June 7 relative to adoption of the proposed master plan for the city.

City Planner Reviews Work; Looks Ahead

A 20-page mimeograph "progress report" from Charles W. Eliot, city planning consultant, has been issued and copies may be obtained by all interested persons.

"Over the past six years a great deal of time and thought has gone into planning for the best development of Upland and a great deal has been accomplished," Mr. Eliot said in an introduction.

The report is divided into various sections, including: major streets and highways plan; community design plan and subdivision regulation; other street and highway problems; master plan of recreation and schools; civic center or master plan for public buildings; master plan of land use; business center and parking and other planning problems.

Mr. Eliot has outlined objectives for the next 12 months. "Before the end of the next fiscal year," he said, "with some additional work by your consultant, it should be possible to:

"1. Complete action on the master plan of streets and highways and community design, with trans-

Baccalaureate

Rev. Hogue Will Speak June 10

Rev. Harland Hogue of Scripps college, Claremont, will be the baccalaureate speaker for Chaffey high school and college graduates June 10 in the Gardiner W. Spring auditorium.

The Chaffey symphonic choir will present musical selections.

Other speakers in the baccalaureate service will be the Rev. John G. Mills of the Christ Episcopal church, Ontario, who will lead the call to worship. The responsive reading will be in charge of Rev. Earl Salzman of the Upland Mennonite church. The prayer will be given by the Rev. Robert F. Dennis of the Temple Baptist church. Rev. Donald Head of the Bethel Congregational church will pronounce the benediction.

Rev. Hogue's topic will be "The Imprisoned Splendor." He is professor of religion at Scripps college and formerly held Presbyterian pastorates in Pomona and San Diego.

Local Police Reserves May Be Increased

The suggestion has been made that the Upland police reserves be increased in number from 21 to 29 persons and this proposal will be discussed at the meeting of the local group next Wednesday.

June meeting of the organization will be held in the city hall with Harold Barbour, president, in charge. Police Chief Ralph H. Palmer recently proposed increase in membership in accordance with more intensive civilian defense preparation.

Home Occupation Proposal Will Be Liberalized Due to Hearing

The words "For Profit" will be added to further liberalize the proposed "home occupation" ordinance and other changes will be made to make the law more acceptable as the result of a public hearing before the Upland city planning commission last week.

Many interested persons were present to learn of the proposed method of regulating persons who wish to maintain diversionary and occupational machinery in their garages and residences. Among those asking questions were Howard Engle and Verle Haynes.

Another public hearing will be held June 28 at which the measure will be considered for recommendation to the city council.

Changes Made

City Attorney Henry M. Busch said yesterday he had made changes in the proposal to further relieve the fear that local people will not be prohibited from following hobbies due to passage of the law.

Purpose of the measure is to make it easier for persons to adopt home occupations "for profit." Now people who wish to start "side line" jobs at home must request a zone variance. Under the new plan, they may be given a permit. Only those persons who "for profit" will use power equipment and other facilities will be required to obtain a permit, according to the tentative changes.

Chairman L. R. Bradley presided at the planning commission hearing.

Hearings Held

Public hearings were held on various requests for zone changes. Howard Bowles, sales agent for the Arrow Heights tract, West Arrow highway, was present to explain his request for a change in zone from agricultural to residential. President Henry Brubaker and Business Manager Abel Haldeman of Upland college were present to inquire about the types of houses that would be across the street from the campus.

L. A. Shelton, attorney and son-in-law of Mrs. Florence Dundas, asked the commission's permission to construct a sidewalk across her West Arrow highway property closer to the highway than is permitted elsewhere on the adjoining property.

Other commissioners present were William Kistinger, Mrs. Dorothy Gardner, George Whitney, Wiley W. Mather, Harry Yochem, Henry Busch and Richard G. Manley.

Planning consultant Charles Eliot commented on the proposed $2,000 budget and recommended for adoption. Mr. Yochem and Mr. Mather were members of the budget committee submitting the request for funds.

Rialto Meeting

Referendum Seen As Possibility In New Court Law

Representatives of many cities and communities in the county will meet in Rialto Friday evening to discuss ways and means of getting changed the proposed law establishing a municipal court and abandoning the justice courts.

Glen Johnston, Rialto school teacher, is reported to be heading up the movement to rally supporters of the proposal.

A delegation from Upland is expected to attend and Walter Holts, president of the Upland chamber of commerce, will be asked to join with Upland city representatives at the meeting.

Possibility of a referendum has been suggested as one means of overriding the stand taken by the county board of supervisors. The supervisors recently established the tentative court districts and asked the state legislature to enact a law establishing a municipal court to serve the area from Etiwanda to the western county line.

Included among the representatives at the Rialto meeting will be citizens from Cucamonga, Ontario, Chino, Etiwanda and other points in the county.

Will R. Mason, Upland, county supervisor, has explained to observers that if people want the matter changed the referendum provides an opportunity.

Euclid Singers in Concert Friday

An opportunity for all music lovers in the Upland district to hear an outstanding group of singers comes at 8 p.m. tomorrow night in the Upland Methodist church when the Euclid Community Singers appear in their first local concert.

"I Hear America Call" is the title of the patriotic program which is dedicated to all the armed forces, past and present.

The same program was presented in the Ontario Baptist church last Sunday and wide interest is reported being shown in the local concert. A silver offering will be taken, there being no charge for admission.

Mrs. Cordelia Story Hutchinson is the director of the singing group, organized in recent years by persons who were interested in singing and in entertaining others. Among the more widely known members of the group are Francis E. Wilson, Dr. Willis J. Hutchinson, Dr. C. C. Carter, and Dr. Emerson G. Hiler. Soloists include Lizabelle Evans and Mary Jocobs. Accompanists will be Kay Henry and Alice Rose Wilson.

The Euclid Community Singers has presented the "Messiah" in recent years. Many Upland singers are among the group, who invite the general public to attend the concert.

Local Costs in Metropolitan Water District Are Outlined

Local property owners "when and if" they join the Metropolitan Water district will be called upon to pay their share of costs of the Colorado river project, plus interest at 4 per cent, according to an analysis of costs. Tentative arrangements are being made for the Chino Basin Municipal Water district to call an election this summer.

The district's share of costs of the huge project is $5,400,000 and this may be paid over a 30-year period. A tentative figure of 70 cents has been suggested as additional tax rate to cover the payments on the original cost and to provide operating funds.

Feeder Lines

Construction of feeder lines, booster stations and reservoirs will cost $1,681,810, according to James M. Montgomery, Pasadena water engineer who has been engaged to make preliminary engineering plans.

The main aqueduct from the Colorado river goes through here on Fifth street, Ontario. This water would be tapped either along this line or obtained from the dissilting station at LaVerne. The feeder lines would place the water at accessible locations.

The engineer proposes construction of a huge reservoir in Upland on Campus avenue at Sixteenth street.

Working Out Terms

It is possible the "M.W.D." might be expected to assist financially in construction of the proposed facilities. Terms of a proposed annexation agreement are being discussed now. When these terms are definite, a definite date will be fixed for the election.

Otto S. Roen is president of the Chino basin district and Albert C. Reynolds is Upland's representative on the board.

Mr. Montgomery recently submitted a 60-page document on his study of the local area. He pointed out that a water overdraft of 17,780 acre feet existed in the 58,700 acre basin in 1946. Since that time the overdraft has increased considerably, he said.

Industrial development and population increases will bring greater demands for more water, the survey showed. Population of 100,000 in 1960 and 160,000 in 1970 compared with 67,000 today were predicted in the report.

353 Houses This Year

Building Total Double Year Ago

Seven new houses and other new construction started in May resulted in an addition of $73,258 to the record building permit total, according to Richard Derby, building inspector.

Since Jan. 1, a total of 354 new houses have been started to make 1951 the biggest residential construction period in history. Building permits in the first five months total $2,615,331. Of this grand total residential construction accounts for $2,436,649.

The major boost in residential permits came with the start of two major subdivisions here last month.

The 1951 total is more than double the figure for the same five months in 1950, according to Mr. Derby. The 1950 total was $1,176,987 of which new residential construction accounted for $869,063.

Vernon Zook was given a permit for a new residence at 608 Raymond street with the construction firm of Zook & Buckwalter in charge. Other permits issued this week were for Ruby Baldwin, 404 East Ninth street, addition; Robert Simpson, 278 South Campus avenue, dwelling and garage; E. R. City Officials in Meeting on Plans For Dam Work

That the site of the proposed multi-million dollar flood control dam in San Antonio canyon will be unchanged, that the city of Upland will be at no expense in protecting its own interests in the canyon, and that a representative of the U. S. army engineers will be at an Upland city council meeting soon were assurances given this week to city officials.

Mayor Eugene C. Nisbet, Councilman Don Carr, City Manager Richard G. Manley, and John Nisbet, brother of the mayor, interviewed Col. Shuler in Los Angeles Tuesday.

The city of Upland is concerned in the project because of its water wells and tunnels for development of water in the canyon. At the suggestion of Congressman Harry R. Sheppard given to Mayor Nisbet, the city officials approached the engineers to learn of the plans and of the city's position.

"We were given every assurance the city's interests would not suifer and Col. Shuler said the city would not be out any expense if the city felt it necessary to make a study of possible damages," Mayor Nisbet said today.

Mr. Nisbet said the U. S. Army engineering corps has apparently decided definitely on placing the dam at the Twenty-sixth street site and not at Dromedary point, further up the canyon.

A representative of the engineers is scheduled to confer with the city councilmen soon and discuss any mutual problems relative to an early start on the dam construction.

Upland city officials and San Antonio Water Co. directors recently met to discuss problems arising out of the army's plans for the dam.

About People

Mr. and Mrs. Henry Walborn have returned to their home, 726 Washington boulevard after a harrowing experience of being near victims of a cloud burst while enroute home near Oklahoma City. They were accompanied by their nephew and niece, Mr. and Mrs. John E. Hayes, Ontario. They attempted to cross a creek and while they knew floods had increased the flow they did not realize the extent of the flood until after their car had been stalled by high water in the stream. Soon their machine was engulfed by the rapidly rising flood water and they barely reached the safety of a tree. They clung to the tree, above the swirling flood waters for two hours. Interested residents and Red Cross workers rescued the two couples and cared for them until they were able to continue on their journey. The Walborn car was a total loss and insurance adjusters provided a new one.

We Are Sorry . . . but Soldier Dead We Will Seek To Do Better

Yes, we are sorry.

Walter Winchell recently suggested a fitting comment to the Memorial day services by confessing to the war dead that we "are sorry" for what has happened since they gave their all.

It is tragic so many young men and women have died to protect our nation and sometimes it seems they might have died in vain. Of course, that is not so.

It is our privilege and duty to honor those who have fallen. But a greater duty, emphasized by our losses in Korea, is to help save more of our boys from the grave.

This reminds us that giving blood is more important than giving speeches; that putting effort into civil defense is more important than putting flowers on headstones; that devoting our lives to helping others is more important than devoting our lives to grief.

By this we mean no disrespect to the dead. But we know that the highest honor we can pay them is to serve the living. We are sure that those who have gone on would want it that way.

In this week of Memorial day each American should do some real soul searching. Our nation faces momentous decisions which will affect the lives of countless numbers here and abroad. We cannot leave these decisions solely to those in authority. We must grapple with the issues and contribute our thoughts to the welding of sound policies and practices.

The heartfelt eulogies, the solemn ceremonies and the flowers of remembrance are a fitting part of Memorial day. This is as it should be.

Our point is that these are hollow gestures without the daily deeds which give them meaning.

Quints Nearing Age When They Can Use Their Fortune

The "quints" are 17 years of age.

They celebrated this week another milestone. In a few more years they will have access to the million dollar estate created when Mr. Stork gave to their parents five little babies destined to gain fame . . . and along with it riches.

The public wanted to see the quintuplets. And producers of food and baby garments wanted the right to capitalize on the name of Dionne. Consequently the babies of 1934 with poor parents are today young winsome women with a fortune ahead of them.

General Bradley's Position Before Congress Is Sound

General Bradley took a sound position when he refused to reveal in detail to the senate committee what went on at a private meeting with the president.

While Congress is enitled to certain secret information it has no more right to encroach upon the administrative branch of the government than it has to interfere with the judicial branch.

Conclusions in the MacArthur case can be reached without knowing exactly who said what in each meeting of the president with his advisors.

Baccalaureate

Need of Revival Cited Students

To meet the challenge of an expanding, new barbaric age, there must be developed a Christian revival, a revival participated in by all Christians and not just by preachers, Dr. Henry G. Brubaker, president of Upland college, said in a baccalaureate address Sunday night.

With graduates of Upland college occuping a front section, Dr. Brubaker spoke in the Brethren in Christ church here as part of the college's commencement program.

The college president questioned which was of greater danger to America, the "new barbarism" or Communism.

Barbaric Age Started

Gigantic scientific development that has gone far ahead of spiritual and moral growth; and education without religion have brought about what the speaker called a "new state of barbarism."

Answer to this new barbaric condition is Christian schools and a revival of Christian principles, he said.

Dr. Brubaker opened his instructive and inspirational address by reporting great scientific advances and described the great materialistic age of the present and future.

"Christianity is the basis of a broad culture," he declared and pointed out that wherever there is Christianity there is an uplift of humankind, betterment and progress.

Left Out Religion

In America's mad rush for scientific advancement, religion is being left out, he said and challenged the graduates to face the situation.

"Christianity always carries with it light, hope and a basis for a full development of character and wholesome living," he emphasized.

Dr. Brubaker said that Christianity calls for "total diplomacy." A Christian revival by all Christians was given as the only answer to the problems of today.

The graduates, wearing caps and gowns, marched to a reserved section in the front of the church as the processional was played by Miss Harriet Trautwein.

Ben Lenhert, a member of the college board of trustees, opened the service with a welcome to the capacity congregation. Paul Rosentrater led in a song and Bishop J. H. Wagaman delivered a prayer. Special musical selections were by the college male quartet and a ladies' trio.

News Of Cucamonga and Alta Loma

Stoebe Honored

Wallace Stoebe, who is resigning as principal of the Cucamonga Central school, was given plenty of evidence last week of the affection the children hold for him and how much they regret his going. Three parties were given in his honor and gifts, bought from donations from the children, given at each party. From the primary grades Mr. Stoebe received a billfold. The fifth grade children presented him with a gay sport shirt. And the sixth, seventh and eighth grades banded together to buy him a beautifully outfitted overnight bag.

A first aid course was completed by the teachers of Cucamonga Central school May 24. C. Cassell, an instructor in the Chaffey Adult Education program, conducted the 10-week course.

In a baseball series held at Redlands university May 26, Cucamonga school, located on South Archibald avenue, won the championship both in the seventh and eighth and in the fifth and sixth grade classes. Central school did very well, too, winning from the Yucca Valley and Bloomington teams, and bowing only to South Cucamonga.

New Alta Loma Principal

The new principal of the Alta Loma school when it opens in the fall, as announced by Lewis Gilbert, president of the school board, will be James Colman, now principal of the Guasti school. Mr. Colman replaces Miss Elizabeth French.

A farewell dinner honoring Miss Elizabeth French, principal of the Alta Loma school, and Wallace Stoebe, supervisor of two Cucamonga schools, was given May 25, at Guasti Inn, by west end principals and members of the San Bernardino county staff of education. A feminine gift of perfume and lotions was presented to Miss French, and a silver four-colored pencil was given to Mr. Stoebe. Both principals are resigning from posts which they have held for nine years.

Miss French is taking a position as principal of the elementary school in Needles when the fall term opens. Mr. Stoebe is taking charge of two workshops on "Teaching Science in the Elementary Schools," at Redlands university during the summer session.

Local Teachers Given More Pay

A "cost of living" salary increase of $300 has been granted to Upland school teachers by the Upland board of education, this action being in accordance with announced intentions on condition the higher tax rate was approved at the May 18 election.

A 10 per cent boost was also voted in pay to non-certificated employes.

"Members of the board wish to emphasize that the $300 raise is a cost of living adjustment and not an upward revision of the salary schedule," Harold W. Cook, school superintendent, said. A regular "salary schedule increment" is in effect whereby teachers are given increases based on experience and higher educational preparations.

Allan S. Barr, president, presided at the meeting with William A. Gilliland, clerk, and Raymond O. Kay, board member, also present.

The board members are faced with the task of filling vacancies as the result of resignations and changes in the teaching staff.

Resignations recently announced are Dayton E. Dickey, Stanley G. Oswalt, Webster J. Smith and Wilson M. Stone was given a leave of absence.

Miss Nancy June Danis, who will be graduated by U.S.C. in June was employed as a kindergarten teacher in the Sierra Vista school. Her salary will be $2,900.

Mrs. Dorothy Murray, 1644 West Ninth street, was employed as clerk in the principal's office at the Upland elementary school at a salary of $150 a month.

Winning Essay

The winning Americanism essay in the eighth grade was written by Patty Tunstall. Entitled the "Bill of Rights' the essay was entered in the annual American Legion Auxiliary essay contest. She is the daughter of Mr. and Mrs. Earl Tunstall, 928 North Third avenue. Her essay follows:

By Patty Tunstall

The Bill of Rights is the result of a desire for a guarantee of rights by the people.

It protects our personal rights. It allows us to live peacefully and happily as individuals. We may talk to our friends without fear of being jailed. Our homes are our own and not hotels for soldiers or anyone else. They are our own private property to do with as we please. In matters of law we are provided with a jury of twelve. We may have a lawyer and a fair and speedy trial. There are many other rights for which we should be proud, and which we should cherish. They affect almost everything we do in our daily lives. When we read the newspaper, we do not stop to realize that it is because of the Bill of Rights that we are allowed to read what we wish and think as we please. One of our great assets given to us by the Bill of Rights is our free speech. We take for granted this precious privilege. We cannot possibly know what it would be like to be denied this privilege. Our use of these rights should be as good citizens, and we should never be guilty of abusing them.

One of the great characteristics of the Bill of Rights is that it not only protects the wealthy and the white, but the poor and the colored. It was written without malice toward anyone.

The idea around which the Bill of Rights was written is not new. Freedom is as old as man. When man was born, freedom was born with him—in his heart. As man grew freedom grew with him. As man's ideas developed he placed freedom as the basis for their development.

Today, in a sense, we are defending the Bill of Rights. Men are fighting for the cause in which they believe, that others may enjoy its privileges for many years to come.

In this day and year we are living in one of the stories of a building which was started long ago by the Bill of Rights, and which has for its foundation freedom; for its four cornerstones morality, faith, peace and security. Someday this building will be finished. All the world will live in peace which was furthered greatly by the Bill of Rights.

Fire Reports Recorded By Local Department

Complaints about fire hazards due to weeds fill the pages of reports in the Upland fire department but so far very few grass fires have occurred.

Other fires, however have been reported. Mrs. W. H. Blockhus, 515 East Seventh street, was removing a synthetic coating from her kitchen floor with paint thinner and steel wool when a spark ignited the fluid. A dish pan full of water was used by her to quench the flames before the fire department arrived.

Uplanders May Win Three Positions in Chaffey Student Body

It is possible that at least three Chaffey high school student body officers for next year will be Upland junior high school alumni.

Bob Grimmesey is a candidate for president and Marilyn Mueller for vice-president with Sammy Crowe and Tom Harris opponents for the position of treasurer. All four of the students have been prominent at Chaffey since finishing the junior high school here two years ago.

Two political "tickets" are in the field, the "Yankee" and the "Rebel." Harris is on the Rebel ticket, the others in the Yankee party.

Grimmesey is a football star and has served as class officer. Miss Mueller, also a former class officer, was recently selected to attend Girls State. Harris, former president of the Upland junior high school student body, is going to Boys' State.

Crowe, a former class president and a football player, is a student leader.

Uplander First in Richardson Contest

George Conley, outstanding speaker on the Chaffey campus, won the annual Richardson Memorial day oratorical contest Tuesday. He is the son of Mr. and Mrs. George Conley, 936 East Ninth street.

As a winner he will have his name engraved on a permanent plaque. General theme was "Peace" and other contestants were Robert Harris and Tony Finazzo.

In the Memorial day assembly program, in addition to the contest, sophomore girls' chorus, coached by Miss Ruth Krouch, sang "This Is My Country." The song was followed by a tableau in charge of William Simonsen.

Coord. Council Ends Season

Various youth activities for the summer vacation were discussed at the meeting of the Upland Coordinating Council Monday evening in the Girl Scout house. President John Baumgartner presided.

Mrs. Arthur P. Storms, chairman of the campers' committee, Upland Community Chest, told of plans for summer camps. Lewis R. Fuller, chairman of Red Cross safety service and Upland recreational director, outlined the water safety program and plans for summer recreational activities. Vacation Bible school and other summer activities were brought up by members of the council.

Reports were heard from various committees, including youth activity, community welfare, flower exchange, blood bank sponsored by the Medical Society, and beautification committees.

A nominating committee, composed of Mrs. Harry Plum, Rev. Riall D. Stump and Mrs. Merl D. Kough, was named to prepare a slate of officers for the election at the September 24 meeting. The council adjourned until that time.

George G. Laidlaw, 1465 North Euclid avenue, reported to police the theft of a lawn mower from his yard. Theft of a skill saw from the tool shed on the West Seventh subdivision property was also reported to police.

Stanley Oswalt Will Be Vice-Principal In Alta Loma

Stanley Oswalt, an Upland school teacher, will become vice-principal of the Alta Loma school next fall. A sixth grade teacher, he has resigned from the Upland school staff.

He is active in local community affairs and is adjutant of the Upland post of the American Legion. He also serves as umpire in the local night ball games.

Mr. and Mrs. Oswalt and family reside at 549 North First avenue.

Webster Smith has also resigned from the local staff to accept a position in the Torrance school district. He is scheduled to assume administrative duties.

Cure of Defective Children Cited in Lions' Address

Defective children can be cured of many disabilities through proper care if attention is given at the right time, according to Dr. Rollin Rowland, orthopedic specialist, who spoke at the meeting of the Upland Lions club last week.

He cited many instances of children, born with a defect, being able to resume normal activities as the result of proper attention. He pointed out that great progress has been made in recent years. He displayed illustrations of "before" and "after" treatment.

The speaker is a member of the staff of Casa Colina home for crippled children. Serving as program chairman was Dr. M. C. Barnes with Clinton Thompson, president, in charge of the meeting.

Church Services Are Listed

The following services have been announced by local churches:

METHODIST

"The Church—A Building Fitly Framed Together" is the sermon theme chosen by the Rev. Robert F. Price for the 11 o'clock Sunday morning worship services at the Upland Methodist church.

The Cathedral choir will give the anthem, "Hymn of Praise," and Mrs. H. H. Bowers and Mrs. Marion Maxwell will sing a duet, "O Divine Redeemer" (Gounod).

The introit for the 7 p.m. service will be sung by the Children's choir. The Chapel choir will give the anthem, "Stand Up, Stand Up for Jesus" with Bette Jellison and Bill Herr as soloists. Eraleen Mathis will sing a special solo, "On a Rugged Hill." The minister will preach on "Who Am I?"

There will be a "sing" for all young people at the Mark Bradburn home immediately following the evening service.

On Wednesday night at 6:30 there will be an all-church potluck dinner preceding the annual meeting and fourth quarterly conference.

UPLAND FOURSQUARE

Revival meetings conducted by the Rev. Leonard Daugherty are in their second week at the Upland Foursquare church, Eighth street and Campus avenue. Services start at 7:30 each evening through Saturday.

On Saturday evening there will be a special singspiration and jubilee for all churches and the surrounding communities, and the pastor, the Rev. Dale F. Reynolds, extends an invitation to everyone, especially the young people.

At the 11 o'clock worship service Sunday morning, the Rev. Russell McClaren of Redmond, Oregon, will bring the message. At noon the congregation and friends are invited to a picnic lunch at John Galvin park.

PRESBYTERIAN

Dr. Rufus W. Oakey, pastor of the First Presbyterian church, has announced "Where Is the Sacrice?" as his sermon topic for the 11 o'clock Sunday morning worship service.

There will be an anthem by the choir and an offertory solo.

CHURCH OF NAZARENE

Sunday is Children's Day at the First Church of the Nazarene. For the opening exercises of the Sunday school, the children will present a special program. Mrs. Mary Hixson will be in charge of the beginners' department, Mrs. Lois Maxwell, the primary department, and Miss Myrtle Maxwell, the junior department.

The pastor, the Rev. William E. Thompson, will be preaching at the morning worship service, and in the evening there will be a guest speaker.

CHRISTIAN SCIENCE

The injurious effects resulting from a belief in the power of wrong thinking can be destroyed by recognizing the omnipotence of God, according to the Sunday Bible lesson in all Christian Science churches. The subject is "Ancient and Modern Necromancy alias Mesmerism and Hypnotism. Denounced."

mittal to interested agencies.

"2. Submit to the city council the appropriate amendments to the building line ordinance and subdivision ordinance to implement and bring them in line with the master plan.

"3. Hold joint meeting with school boards for discussion of school and recreation plan.

"4. Start hearings on zoning ordinance amendments for special zone, home occupations, and revised A zone.

"During the next fiscal year, the commission might well attempt the completion of the recreation and school plan, and new work on a conservation plan—flood control and water conservation—in cooperation with appropriate agencies; and a lend use plan—both for the larger area affecting the city.

"A business center plan with some attention to market area and analysis, and to off street parking. The civic center plan could be combined with this study if the present site is to be used.

"As many of the remaining 'prerequisite' parts of the master plan as time and funds will permit."

As to the Pacific Electric operation here, Mr. Eliot said this:

"The future of the Pacific Electric track through Upland and on Euclid avenue is of tremendous importance to all plans for the city. If the use of this line, originally built as an interurban electric line, is permitted for diesel freight operation, the business district is permanently divided and residences near the line made most unattractive. On the other hand, if the line could be relocated adjoining the Santa Fe track, the present right-of-way might become a parkway and major asset of the community."

Two Ball Leagues Start Here Next Week

Inter-City Plays Elks Here Tuesday Night

Upland's inter-city baseball team will open the season here next Tuesday evening.

Ontario Elks will offer the competition for the pick of the players from among the Upland night ball nines. Soft ball will be played and Coach Odis Baker is lining up a fast aggregation to play twice a week throughout the season.

Three likely twirlers are getting in trim. Baker will start either Dick Zuccato, "Chewy" Anguiano or Tom Wilson.

Another local game will be played June 8 when Corona sends a nine here for a league tilt. Two games will be played each week, one of the clashes being on the local diamond.

Practice games are being played nightly on the local diamond and Baker will take his pick from the teams making up the local league.

Local Baseball Schedule

Activities will be numerous at the Upland city park almost every night throughout the summer.

Following is the schedule of activities through next week:

Tonight—Practice game, Methodists vs. Couch.

Friday—Little League doubleheader.

Monday — Cucamonga Indians practice game.

Tuesday—4 p.m., Upland American Legion nine vs. San Bernardino; 7 p.m., opening game Intercity league, Upland vs. Ontario Elks.

Wednesday — Practice game, Couch.

Thursday—7 p.m., Little league, Exchange vs Lions.

Friday—7 p.m., Little League, 20-30 vs. Rotary; 8:30 p.m., Intercity league, Upland vs. Covina.

SPORTS

Double Header on Tap for Local Nines

Little League baseball activities will be resumed tomorrow night with 20-30 and the Lions tangling at 7 p.m., followed by Rotary and Exchange teams.

In the first meeting last week Rotary and 20-30 were, winners and much interest will be shown when these two teams meet Friday of next week.

Nine Youths Are Signed Up for Soap Box Derby

New interest is being shown in the annual soap box derby and nine applications have already been received by the Alan A. Couch Chevrolet agency.

Contestants from this area will compete July 28 in San Bernardino. Winner in the San Bernardino trials will go to Akron, Ohio, for the national races. First place winner in Akron will be given a $5,000 educational scholarship and second prize is a new automobile.

The age limit is 11 years to 15 years, inclusive as of August 12, date of the Akron races.

Vincent Couch, who is receiving applications at the local headquarters, emphasized that derby entries must be built according to specifications and that all applications must be accompanied by a parent.

Jack Detmers, Upland youth, in 1941 won the Southern California races, held in Los Angeles and represented this area at the Akron finals. He did not win there, however.

Expenses from here to Akron are paid by the derby sponsors.

Following are the current entries from here with the boy's name followed by that of the parent:

Oliver, son of P. H. Markley, 253 San Bernardino road, Cucamonga; Amos, son of Amos Buckwalter, 953 West Arrow highway; Douglas, son of Mrs. Robert Thom, 1180 Hermosa avenue, Cucamonga; Paul, son of Paul Skvarna, 896 North First avenue; Richard, son of A. O. O'Connor, 2513 North Mountain avenue; Robert, son of Florence N. Hobbs, 2463 San Antonio Crescent east; Warren, son of John L. Childs, 338 East Ninth street; Curtis, son of L. C. Nissly, 665 San Antonio avenue, and Don, son of Henry S. Magill, 709 Alta Cuesta, Cucamonga.

Mr. Couch said that additional entries are sought and that all interested persons are invited to visit the Chevrolet agency to obtain information.

Rotary, 20-30 Win "LL" Games

Upland Rotary and Upland 20-30 clubs won their games in the first clashes in the Upland Little League baseball. Rotary topped the Lions 12 to 2 while 20-30 scored 10 points to the Exchange club's 1.

Rotary and Lions nines took the field in the first game of the double-header and between games Joe Seitz, ball commissioner, awarded prizes in the ticket-selling campaign.

Most impressive twirler was Vernon Pritchett who allowed no hits and kept the Exchange batters bottled up. He fanned 10 batters. Exchange scored when Mike Smith was walked and then came home on a couple of wild throws.

Winners of awards in the Little League ticket sales follow:

Ruth Pritchett, Ontario, first; Mrs. Francis Wilson, 775 West Nineteenth street, Upland, second; Harold Long, 295 Tenth avenue, Upland, third; Al Mazo, North Hollywood, fourth.

Buddy Wulf and George Davis twirled for Exchange with Art Sabo behind the plate.

Rotary got off to an early lead over the Lions on a succession of hits and errors. Lloyd Hunter twirled Rotary to the win while three Lions pitchers could not stem the tide. Twirling for the Lions were Larry McGready, Andy Ledesma and Kenneth Warner. Don Terrell was catcher.

Charles Giordano and Darrell Moss were the batsmen on the diamond during the evening, connecting for three good safeties each.

Amendment to Court Matter Is Doomed

An amendment to the proposed law establishing a municipal court in this area will not get very far in the state legislature, Judge Fred H. Jacobs said yesterday following a report from observers in Sacramento.

The proposal received the attention of various interested persons but there is no prospect of the matter getting the approval of the legislators.
